Attachments

¹ PennEnergy does operate pneumatic controllers constructed after September 18, 2015, but they are either intermittent or low-bleed devices (or powered by air). As such, they are not pneumatic controller affected facilities under the rule.

² PennEnergy does operate storage vessels constructed after September 18, 2015, but VOC emissions from these vessels are less than 6.0 tpy. As such, they are not storage vessel affected facilities under the rule.
